

FOR IMMEDIATE RELEASE

JOSEPH E. ROBERT, JR.

December 7, 2011, – McLean, VA – We are deeply saddened by the passing of Joseph E. Robert, Jr. on December 7, 2011 after his nearly three-year battle with brain cancer. Over 30 years ago, Joe formed JER upon the philosophy that integrity and results come from dedicated, principled, creative, hard working people, working together as a team. While living out this philosophy, Joe provided countless opportunities to thousands of individuals, and his business accomplishments were second only to his charitable activities, which were focused through Fight For Children. Joe was a leader that truly made a difference in the world and, as we move forward, JER endeavors to carry on Joe's legacy in principle and action. Joe will be deeply missed by all.
